

The 15th Annual International Conference on Industrial Engineering Theory, Applications & Practice

October 17- 20, 2010, Mexico City, Mexico

Conference Webpage: <http://www.ijiengr.org>

The 15th Annual International Conference on Industrial Engineering Theory, Applications, and Practice will be held October 17th through October 20th at the Fiesta Americana Reforma in Mexico City, Mexico.

Aim and Scope

The Conference is established to disseminate significant research results, technical and methodological applications, case studies, and surveys concerned with Industrial Engineering. The Conference is intended to bring together, in one place, developments in Industrial Engineering of interest to both researchers and practitioners.

Call for Contributed Papers

The deadline for submitting the 350-word abstract in English is **June 27, 2010**. The abstracts should be submitted by registering into our online portal. All abstracts will be reviewed by the International Advisory Committee. Notification of acceptance of abstracts will be e-mailed by **July 18, 2010** Full paper in electronic format will be due by **August 23, 2010**.

Name

Dr. Jeffrey Fernandez

Conference Chair

Dr. Salvador Noriega

Conference Chair

Topics of Interest

The conference emphasizes the use of engineering design and analysis and would strive to maintain a balance between research and application. The conference will cover:

- Applied Operations Research
- Quality Engineering
- CAD/CAM
- Manufacturing Systems
- Manufacturing Automation
- Industrial Automation
- Information Systems
- Production Systems Design, Planning and Control
- System Simulation
- Artificial Intelligence in Industrial Engineering
- Human Resource Management
- Safety Management
- System Engineering and Management
- Service System and Management
- Manufacturing Management
- Total Quality Management
- Project Management
- Technology Management
- Productivity and Business Strategies
- Human Factors
- Industrial Ergonomics and Safety
- Facilities Design and Location
- Work Measurement and Methods Engineering
- Other Topics of Interest in Industrial Engineering

Conference Proceedings

All submitted articles will be published in the conference proceedings in CD-format, which will be available at the conference. The conference program with brief abstract for each article will be available before and at the conference. Revised and expanded version of selected papers presented at the conference will be considered for publication in the International Journal of Industrial Engineering- Theory, Applications and Practice, Journal of Industrial Engineering Design, and other journals.

Student Paper Award

Interested students are encouraged to submit their abstracts with a cover letter indicating their interests in the student paper award, letter from advisor/professor indicating contribution towards the research, and proof of student status (undergraduate or graduate) to a Conference Chair by June 27, 2010. Prizes will be given to the best three student papers.
